APPLICATION AND SELECTION PROCESS

Top rated papers are identified based on the quality assessments of two reviewers. Among top rated papers, the program committee seeks to assemble a program that promotes a diverse set of presenters and viewpoints. The conference is known for a convivial atmosphere and active, free-flowing discussions between presenters and the audience both in and outside the sessions. **Decision notices will be sent January 2023.**

**Submit your paper by
18 November 2022!**
